Sir:

Applicant hereby petitions the Commissioner of Patents and Trademarks to accept color photographs as Figs. 2A, 2B, 3, 4A, 4B, 6A, 6B, 6C, 7A, 7B, 13A, 13B, 13C, 14A, 14B, 15A, 15B, and 15C in the above-referenced application. Applicant requests favorable consideration of this petition.

Under C.F.R. § 1.84 three (3) sets of color photographs are required along with a petition and appropriate fee. Enclosed herewith are three (3) sets of photographs along with the petition fee of \$130.00, as set forth in 37 C.F.R. § 1.17(i), to be entered into the above application.

The color photographs are necessary in the present application because color is required to accurately represent, for example, the position of insulin-staining cells, and the position of cells expressing neurogenin3. These figures were thus the only practical medium by which to disclose the subject matter sought to be patented in the above-referenced application.

The specification of the above-referenced application has also been amended to contain the appropriate text as set forth in 37 C.F.R. § 1.84(2)(iii).

The Commissioner is hereby authorized to charge any additional fees which may be required by this paper, or to credit any overpayment, to Deposit Account No. 50-0815.

Respectfully submitted,
